Local School District Orchard View Schools Operating Millage Proposal

This proposal will allow the school district to continue to levy the statutory rate of not to exceed 18 mills on all property, except principal residence and other property exempted by law, required for the school district to receive its full revenue per pupil foundation allowance

Shall the limitation on the amount of taxes which may be assessed against all property, except principal residence and other property exempted by law, in Orchard View Schools, Muskegon County, Michigan, be increased by 2 mills (\$2.00 on each \$1,000 of taxable valuation) for a period of 4 years, 2022 to 2025, inclusive, to provide funds for operating purposes; the estimate of the revenue the school district will collect if 0.0882 mill of the 2 mills is approved and levied in 2022 is approximately \$12,288 (this millage is to restore millage lost as a result of the reduction required by the "Headlee" amendment to the Michigan Constitution of 1963, and will be levied only to the extent necessary to restore that reduction)? Yes

No
