

Muskegon County, Michigan
2021 Apportionment Commission
Submission of Approved Plan

2021-7-4-1

Notation of Census Data population
adjustments for the process of Muskegon
County Apportionment

In review of the U.S. Census Bureau's release of data for the apportionment process, the Muskegon County Apportionment Commission reviewed census blocks and populations and for the purposes of apportionment have made the following adjustments to the reported Census populations.

- Census Block 261210004021001
 - Original Census Population = 3,396
 - Adjusted population for apportionment = 0
 - Reason for adjustment: This census block is completely covering a Michigan State Prison. The apportionment commission, adhering to past practice, determined that this population should be removed as the detainees in the State Prison are most often not permanent residents of the municipality where the census block is located and also are most often not residents of Muskegon County.

- Census Block 261210004021000
 - Original Census Population = 183
 - Adjusted population for apportionment = 0
 - Reason for adjustment: This census block is completely covering a Michigan State Prison. The apportionment commission, adhering to past practice, determined that this population should be removed as the detainees in the State Prison are most often not permanent residents of the municipality where the census block is located and also are most often not residents of Muskegon County.
